CAMP MANITO-WISH YMCA

At **Camp Manito-wish YMCA**, leadership isn't just a concept, it's a cause — one that we've championed since 1919.

The mission of our **Leadership Program** is to unlock the leadership potential in everyone, providing the **social and emotional learning** to grow and excel. Our facilitators listen to your goals and draw on their **experience** to create a **customized program** that engages and inspires.

Through our progressive, **time-proven process**, participants learn to embrace the qualities of **collaborative leadership** — which will help them embrace the challenges and opportunities in the world today.

Anyone can be a leader. All it takes is practice — and **Camp Manito-wish YMCA**.

"Manito-wish Leadership sets the right stage for success in high school, in college, really for the rest of their lives. It truly is a transformative experience; this is a very different place, and it really pushes these young people out of their comfort zone, and you can see significant changes, both as individuals and as a group. This is where they get to know each other, where they learn to work together, collaborate — and they always discover things about themselves as a result of the experiences they have here."
